Thanks, Valois - I saw that. The reality is that the comments about the Black Hills Army Depot are really about Dewey-Burdock (or, can be addressed by discussing things in the Dewey-Burdock fact sheets).

Ex. 5 Deliberative Process (DP)

Other comments are just about all the awful stuff buried at the Black Hills site.

Hello Shari and Mary Ellen,
I just realized that is misspoke when I said I covered the Black Hills Army Depot in the Cumulative Effects Analysis document. It is actually in the EJ document. I just covered the clean-up in that document.
